## TRADITIONAL HOME.

## **Decorating: Favorite Fall Colors**

I like to use unexpected <u>color combinations</u> for a rich, inviting composition in fall schemes. In this image of a hallway, the soft blue (Benjamin Moore "Misty Gray"), provides a warm juxtaposition to more dramatic checkerboard floors. In the Living Room beyond, the combination of Benjamin Moore "Iced Cube Silver" on the paneled walls with the lilac of the <u>window</u> treatments makes for a subtle, yet effective contrast for these interiors.
